MAR 21 1901

My dear Mr. Pryor:—

Yours of 19th received yesterday afternoon. Much obliged for the bills I have forwarded them to Messrs. Campfield and Mills. As for the bills for coin and books, we will not bother any more about them but will print the report as it stands. Next year this item will probably be larger as I have no doubt but what the Curator and Librarian will sooner or later avail themselves of the permission given by the Executive Committee to spend \$50.

Now as to the report of the Committee on Papers and Publications— You made a verbal report on Monday Evening.

Enclose a memorandum which I think embraces every thing in your report, if it is all right I will put it in the Proceedings, if you want to change it or add any thing to it please do so, and when you are through with it let me have it.

Mr. Dronne writes me that he sent a

copy of his speech presenting the
Trotter Cup to the Committee in Papers and
Publications, have you it? or is it in
the rooms?

I have notified all the new members
will let you know when I get any
reply.

I got home all right Monday night
in spite of the punch, and my back
was plenty large enough the next day.
Hope you fared as well.

Very Sincerely

I am working over the proceedings and hope to have them in shape very soon.

Please find, enclosed, the receipt for the check of \$50.00, which you sent me, for Mr. Pike, a few days since.

I will ask him to sign in ink, in the future; but it hardly seemed worth while to send the receipt back to him, for that purpose; especially as I made a mistake, (in failing to endorse the check,) when I mailed it to him. If, however, you think it important that the receipt should be signed in ink, his address is 33 West 24th St., and it would be quite proper for you, as Treasurer, to ask him to make the receipt valid.

My Dear Mr. Poyer,

Some you are
apologizing for neglecting to answer
your letter which involved one
from Mr. H. C. Carter. The fact
is that the matter escaped my
recollection, and was only re-
called by the finding of your
letter in the pocket of the coat
which I was wearing at the time
of its arrival.

As regards the back
numbers desired by Mr. Carter
- he and I had some corres-
pondence several months ago.
I told him the cost of the
numbers, (about \$11.00)

and I put them all ready for
him. He wrote me that he
would call at the Society's
room on a date mentioned,
but he did not make his
appearance. So, nothing more
was done by me. I will look
up our correspondence, which
is in my locker, and see what
he requires, and what the
price was. I have heard
nothing from him since his
last letter to you.

My dear Mr. Pryer,

Can you possibly send me, before 7 o'clock this evening, a check of our Society, for \$ 60.00, to the order of Mary St. John Harper; and another for \$40.00, to the order of Adolph Wolff? These checks represent the Woodbury G. Langdon Prize in connection with the "School for Coin and Medal Designing and Die Cutting"; which has been cut up to meet the requirements of the case.

The clerk of the National Academy of Design, has just been here; the checks are to be handed to the successful competitors this evening, and it is much desired to deliver the checks of the American Numismatic & Archeological Society; although the check of the Academy can be substituted, if unavoidable.

In case your check book is in New Rochelle, nothing can be done, to day, of course; and you will have to send me a check, to the order of the Academy of Design, for \$ 100.00 at your leisure.

Of course we should have been given longer warning, but it was evidently supposed that I would give my personal check, for the amount; and that it could be secured at any time; (which, by the way, always involves extra trouble to me; as my books are kept at the office.)

Please let me know, by the bearer, or not later than six o'clock
this evening, if possible, what can be done, and oblige,

My dear Mr. Pryer,

Will you kindly ascertain, before the next meeting of the Executive Committee, what is the exact balance, in your hands, remaining from the last year's collections, for the account of the Class in Die Cutting. The total subscribed, as I understood it, was \$800.00; but a part of this, (something over \$200.00, I think) was guaranteed by Mr. Fabrickie; and was, probably, not been paid in; as the money was not required. The expenses of the School, for last year, were only \$300.00; (the amount of the Instructor's salary); and the results, from dues from pupils, offset the petty expenses; so you should have a handsome remainder. This balance, according to my idea, should not be expended for the general purposes of the N. Y. Arch. Society; but held in reserve, for the benefit of the class; and added to the total of the subscriptions which you will receive in 1902.

I am prompted to urge this, because we may find it difficult to get the subscriptions renewed, at the expiration of the three years; and because the expenses of the class will be larger, this year; and will increase; as the pupils advance, and tools and appliances, for working in the metal, are required.

I offer this suggestion for consideration; and shall bring up the question, for discussion at the next meeting of the Executive Committee, in case I am able to attend; which, however, is doubtful;

Chas. Pryer, Esq., Treas.,
New Rochelle, N.Y.

My dear Mr. Pryer,

Please find, enclosed, the bill of Albert Ward, for modelling stands, etc., duly receipted. Mr. Süss writes me that he deposited your check, and paid Mr. Ward with the Academy's check, as that is their custom; so that, if agreeable to you, we had better do as I suggested, and draw all checks, (except those to Mr. Brenner,) to the order of the party " or The National Academy of Design."

Please send me a check with which to pay Mr. Brenner's salary to Dec. 21st. I have his bill; but if you have mailed the check, it has not reached me.

Wishing you a Merry Christmas, I remain,

Sincerely yours,

Woodbury G. Langdon.
